# CADENZA

MUSIC CLUB OF CVR  
COLLEGE OF ENGINEERING

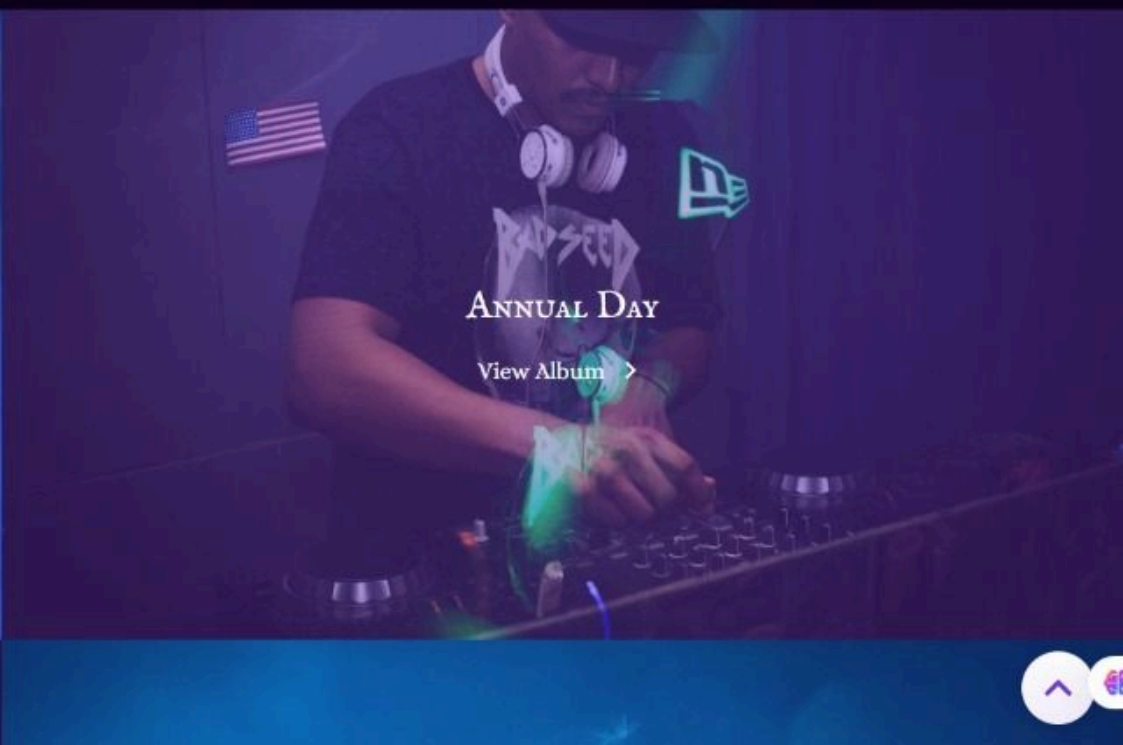

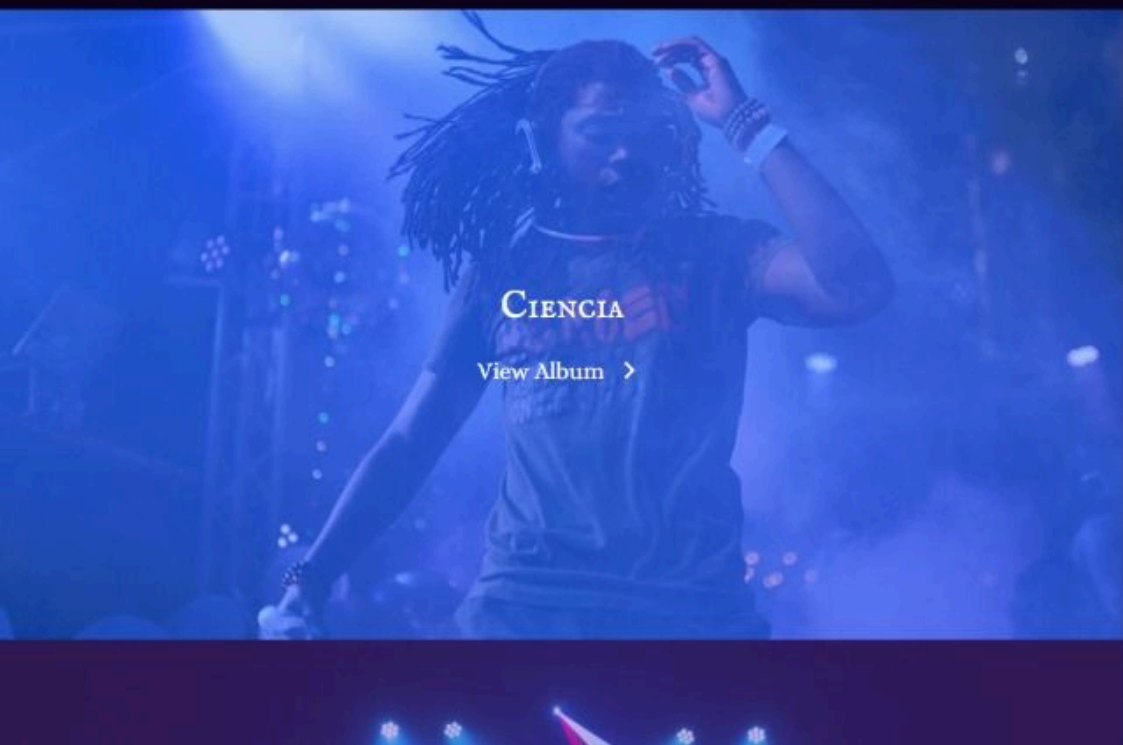

Cadenza is the vibrant and soulful music club of CVR College of Engineering, created for students who live and breathe rhythm. As one of the most active cultural clubs on campus, Cadenza isn't just about music — it's about expression, connection, and discovery. The club regularly organizes events, jam sessions, open mic nights, and inter-college competitions that bring hidden talent to the spotlight. With a blend of raw passion and professional guidance, Cadenza empowers students to explore their musical identity, collaborate with fellow artists, and grow as confident performers. Whether you're into vocals, instruments, or just love being around music — Cadenza is where your rhythm finds a stage.
